

Vaccinations Available with Washington Prescription Drug Program

WPDP Discount Card

Some WPDP pharmacies will offer Immunizations and Vaccines (I&V) to WPDP members. Not all pharmacies are equipped to administer all vaccines so ask your pharmacy if they are able to administer the vaccine(s) you need. The administrative fee for the I&V is currently \$20.00. The fee is equal to that permitted by the Centers for Medicare and Medicaid Services (CMS) for Medicare reimbursement of such services and will change from time to time. However, you will be responsible for the ingredient cost and dispensing fee. The ingredient cost can be viewed by going to "Drug Prices" at www.rx.wa.gov The vaccines eligible for discounts are:
